## ADRENALIN FOREST

Adrenalin Forest courses feature over 100 fun filled challenges across multiple levels. Each level is harder than the last, with obstacles starting at 1.5 metres above the ground that are suitable for a wide range of ages and fitness levels. To conquer the whole course and claim your bragging rights, you'll be climbing, jumping and swinging at least 30 metres up in the air.

But this isn't just a test of your physical skills - each obstacle can be conquered in different ways, so you'll be stretching your brain as well. You will be completing challenges such as the Indiana jump, barrels, wrecking balls, a commando flying fox, Tarzan jump and heaps of Flying Foxes!!!

## WILL I BE SAFE?

Enjoy climbing amongst the trees while having the peace of mind that your safety is taken care of. Our revolutionary Clic-iT system ensures a continuous connection to the safety line - this eliminates the risk of accidental removal of both safety devices while on the course.

## HOW MANY LEVELS CAN I DO?

You can do as many levels as you can within 3 hours, from the start of your briefing. 3 hours is the maximum allowed time. Remember you can do each level only once.

## HEIGHT RESTRICTIONS

All levels minimum height 1.40 metres
